What is a Brickie? This question is asked by many people. To tell the truth, there are probably a lot of Hobart students who don't know where that name came from. It came about a long time ago when the owner of the Hobart brick yard, sponsored the athletic program at HHS. Because of what he did, the mascot "Brickie" was born. Just the word Brickies signifies what we are. "Brickies" aren't just in the high school and junior high. It starts much earlier during grade school. Pop Warner and Youth Basketball produce some of the Brickies of the future. Whether you're a Brickie of the past, present or future, the best definition of a "Brickie is — "It's All in the Name."

Homerooms meet twice each month

Why the change from Activity Period to Homeroom? According to Principal Russell Deal, activity period was something taken advantage of by few students, so homeroom, twice a month, was added to the HHS schedule this year. Having homeroom limits students to two club memberships, which helped club attendance. Making up tests was left up to teachers and students, during class time or after school, which left the big complaint of transportation. With no activity period, busses left at 2:20 after the close of school. But the administration felt it was the parents or students responsibility to get a way home. For the most part homeroom was liked by the majority of the students and was a great way of releasing their daily tensions.

Johann — for most students this would mean our well known Brickie fighter, but AFS has brought us a new Johann, Johann Mentzer foreign exchange student from Sweden. He enjoys our country with its many channelled T.V. sets and good movies. Johann has been keeping very busy with the new American way of life, but admits his favorite hobbies are snow skiing and running cross country. Along with Johann, our other foreign exchange student is Gloria Jovani from Panama. Gloria finds our school very different from the one she attended in Panama, an all girls school which is very strict. One of Gloria's wishes came true on the arrival of winter with lots of snow, something she has never experienced in Panama. Another new thing for her was football games, as she explained it, not understandable but funny to watch.

"Open a New Window" was a song to be remembered from the HHS fall musical "Mame." With Senior Lucy Holzmer playing the part of Mame, along with Junior Richard Johnson as Beauregard, Mame's husband; and Sophomore Eddie Johnson as Mame's young nephew Patrick Dennis, the play was nothing less than a success.

Headed by Choral Director Doyle Banks, he and cast members worked long, hard hours to perfect parts and prep props for the play. All in all, "Mame" got her claim to "Fame!"

Variety entertains students at convos

A variety of talent was represented in convocations. In February "The Aces," frisbee champions performed stunts and skills with different types of frisbees. Chare Rothmann and Jose Montalvo, from Chicago, have been Mid-Western Frisbee Free Style champs since 1976 and were 1977 Eastern champs. They have been playing together for four years and have been ranked as high as fourth in the world. During their performance they involved students and teachers. Mr. Fisher and Miss Allen teamed together against Allen Fetterer and Dawn Krulik in a frisbee game of "guts". Of course, the students won.

The rock bank, "Free Fair" performed a convo September 18, and the following night held a concert in the auditorium for the public. The concert was sold out at $2.00 a ticket.

Memory expert O.G. Fetzgerld taught the student body how to memorize with a little time and effort.

Also Danny Tate, all-state football star and all-state vocal soloist from Arkansas entertained the school. He sang pop songs while either playing the guitar or the piano.

Twenty minute pep sessions were held during sixth hour for football and basketball homecoming. All the student body attended to see athletes and queen and princess candidates recognized. The pep band also played and the cheerleaders raised the students spirit for the game.

Two students ran the show; Senior Karen Isakson, chairman, and Junior Sherri Anderson, co-chairman. To help chaperone the program Mrs. Sandy Ledyard was the sponsor. Performing for two nights, April 19 and April 20, the crowds both nights proved the show a success. The talent variety included two girls chorus lines dancing to "Bandstand Boogie" and "Be True to Your School." Also for the first time in a few years there was a boys chorus line. January 28, 1979, was a beginning and a end for the 47 mid-term graduates. For different reasons these students chose to finish their senior year a semester early; some went on to jobs, others started college early and still some chose to get married. Whatever the reason, all had accomplished 12 years of hard work. Commencement was held at 3 in the afternoon with Sherry Randle, a mid-term graduate, beginning the ceremony with the invocation. Reverend Roger Grubbs then made a speech followed by another speech by Melissa Aton, one of the classes salutatorians. Mrs. Charlene Marks, secretary of the School Board, spoke before the diplomas were distributed by Mr. Donald Sporre, vice-president of the School Board, and Brenda Reagan, mid-term graduate. Spirit week was new and very different. Each Student Council committee decided on a spirit day. They came up with, a stripe day, a hat day, twin and triplet day, inside out day and, of course, the traditional purple and gold day on Friday. Mini-floats were made by each class. For a surprising change the sophomores won the competition with their float theme "Stuff the Vikes." Even though the game was lost it didn't dampen Brickie spirit. Halftime activities were highlighted by the crowning of the Homecoming queen and her court. Cindy Nixon reigned as queen, Connie Rush was selected for junior princess and Lori Mitchell was titled sophomore princess. The pom-pon girls also performed at half-time to a melody of "Saturday Night Fever" songs. The dance scheduled for after the game was cancelled because of lack of ticket sales.

One of the most successful leadership conference was organized in March. More schools from the area attended than have ever shown before. The program started out with registration and brunch. Dr. Broom, former Deputy Coroner of Lake County, gave the keynote speech, then students attended seminars. The topics discussed were death, self-defense, imports, police dog, abortion, criminal justice and energy. The afternoon finished with snacks.

The council also organized basketball homecoming and the Talent Show. In May the members took a break to tour Indianapolis on a field trip.

This Year "Saturday Night Fever" has hit everywhere in the United States including HHS Booster Club. Having a DJ instead of band at the Homecoming Dance helped to double the attendance and proved everybody's got the "Boogie Fever"!

Booster Club had its work cut out for it but club officers Marcia McCord, president; Karen Banashak, vice president; Brenda Heuring, secretary; and Janet Martin, treasurer; helped to make things turn out successful.

Booster members were disappointed to find out there was going to be no Powder Puff due to many injuries of last year's game. But club attendance and performance was nothing less than great! But backing teams like the "Brickies," it wasn't very hard.

Math Club added to organizations list

A new club added to the activities list was the Math Club. Headed by Mrs. Anita Sark, the group was busy trying to get activities for the twenty-eight members in circulation. Besides attending a computer program at Purdue Calumet. The club wasn't doing or going any other places, but were planning contests and field trips for next year. Club officers were Aimee Hamilton, president; John Winslow, vice president; Curt Binder, treasurer; and Lisa Erdei, secretary.

Doing several different things this year was Science Club — which probably explains the attendance of 31. Some different activities included seeing films on Science Theory. Also they had demonstrations by students and faculty members. Two speakers also came from Purdue University and Northern Indiana Public Service Company. A bake sale was held to raise money for their field trip to Purdue University in Lafayette.

Club officers consisted of Eric Fout, president; Aimee Hamilton, vice president; David Bood, treasurer; and Marcus Roman, treasurer.

Conservation Club tours State Park

A new club with more than 75 members was formed. It was the Conservation Club sponsored by Mr. Robert Hunt. The club took an active part in keeping the parking lot free of garbage in warmer weather. During April the club members took an all-day field trip to Jasper — Pulaski State Park, where they took a guided tour. They also went to Dunes State Park to hike. Club officers were Nan Stavanau, president; Steve Eilers, vice-president; Ann Proctor, treasurer. On December 2, 200 couples attended a successful semi-formal dance, "Hopelessly Devoted to You." Pom-Pon girls get new uniforms, look

Pom-Pon girls were busy being watched with their new routines and new uniforms, and audiences will verify. The corps performances this year was at its best. Busy entertaining at halftime and introducing sport functions all the hard work during the year at HHS has paid off. Camps for the girls are to be attended in summer and contests are something definitely to be considered.

When the word Spirit is thought of, it probably is thought of in the totally wrong way! The quickest way to find out the true meaning was to have come down to a HHS football or basketball game and watch the 5 varsity and 5 reserve cheerleaders show you just exactly what Spirit really means. Headed by varsity captain Marcia McCord and reserve Captain Cindy Kerr you'd have a tough time deciding who had more spirit while "doing their stuff", the team or the crowd!

Some projects tackled by the squad this year were selling raffle tickets, making booster badges and planning projects for next year.

Stage band placed first in the northwestern Indiana band contest at Valparaiso, January 20. They also played on the Tom Higgins radio show from Southlake Mall. Various members of the band also participated in the Halloween parade uptown for youngsters. Each member dresses up in a costume. Besides performing at football games the marching band played in the Fourth of July parade and at Marriots Great America during summer vacation. The pep band added a wider variety of selections to basketball games. They played more during the game besides just during time outs and half time. Harry Malamatos highlighted some time outs by portraying Mean Jene the Dancing Machine from "The Gong Show." The money-making project for the band this year was selling grapefruits and oranges.

Seven schools participate in choral festival

Making beautiful music together was something Concert, Mixed and Swing Choirs did all year. Concert choir and mixed chorus did much more serious type music while Swing choir did "swing" to their contemporary-styled music. Although mixed chorus and concert choir played more standard music, "pop" literature was added into their program.

Not participating in any contests, concert choir and mixed chorus performed with six other schools for each other, and as mass choir in the Lake County Choral Festival. Also Swing choir earned a second for participating in a show choir contest.

Advanced Biology classes dissect cats

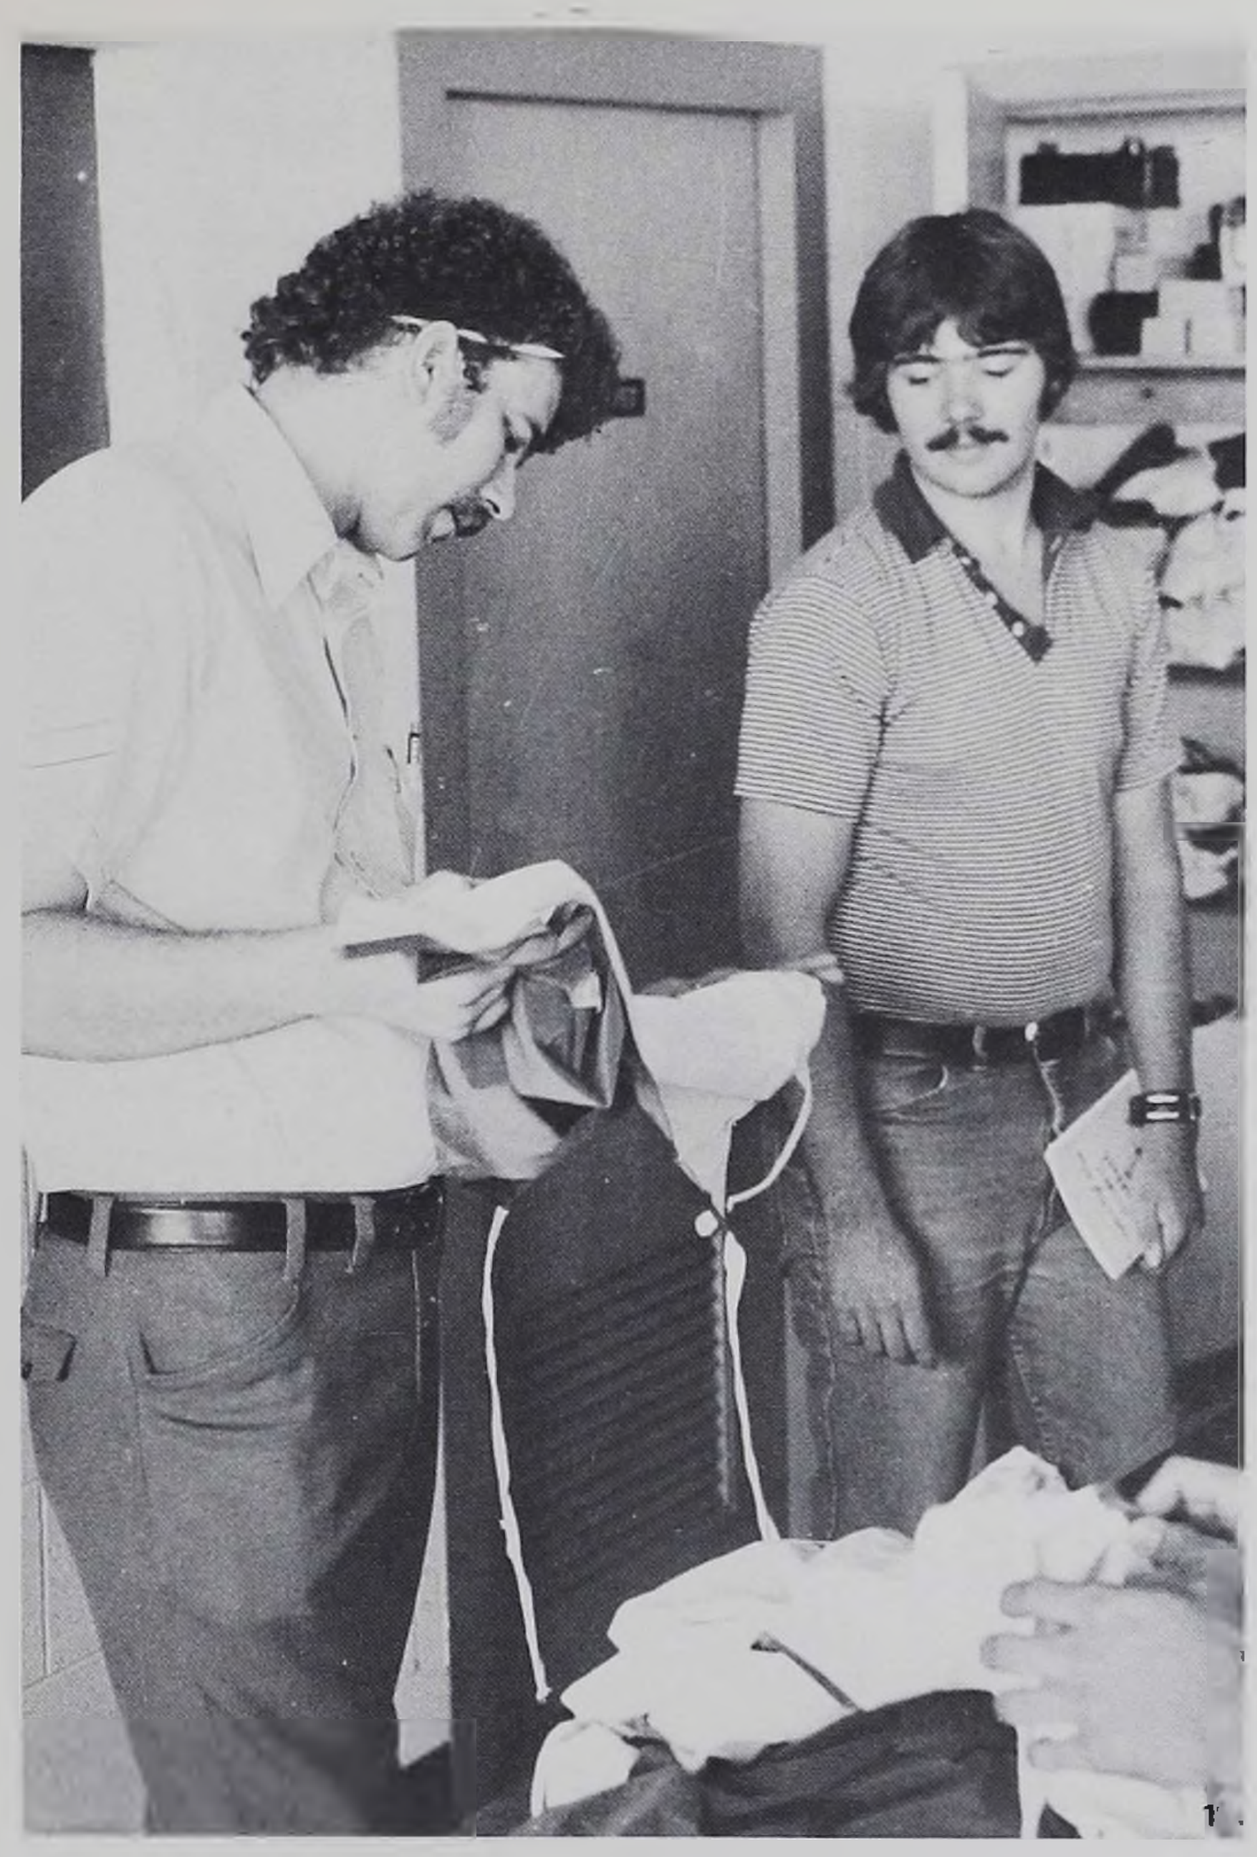
Advanced Biology students had studied genetics in detail and in the beginning of April started into animal anatomy by dissecting cats. Beginning Biology classes were busy looking at one-celled animals under microscope lenses, and studying human reproduction also. Chemistry students worked on lab assignments, and forms of basic chemistry equations. Physics students put their time to the studying of energy and its many forms.

One very "structured" class was Mrs. Sarks Algebra III-IV and College Algebra classes. Designed for students who wanted to continue their studies in the math field, it concerned principles and techniques. Basic Algebra classes were busy plotting charts, working equations and learning methods. Geometry students worked on memorizing postulates and theories and looked at things from all angles!

1. Trying to be brave before getting her finger pricked by Ms. Schrader for blood testing in first year biology is Sophomore Karole Giertz.

2. In advanced chemistry much work is done in the laboratory. Seniors Scott McKuen and Tom Wells show it can even be fun.

3. Geometry can be simple and even fun, but then sometimes Junior Cindy Locke finds a little help from Mr. Robb necessary.



1. John Winslow gets his lab apron, the item that determines whether your clothes are rags or still wearable after the labs.

2. Receiving some geometrical aid from Mrs. Nash with her postulates and theorems is Sophomore Debbie Mazeppa.

3. Soph. Marla Swynenberg tries to concentrate on her proofs in Geometry.

4. Carrie Oppman and Donna Sears are busy boiling away their solutions.

Work Study Program to be offered

Art classes busied themselves by working on new projects. Building miniature furniture, sculpturing and working on silk screening were the newer art doings like most by the students. Also oil paintings were displayed in the art showcase showing the very talented work of different students. Mrs. Astrid Cicak felt her classes were very relaxed and creative, and her students must have agreed because seeing students after school working on their projects wasn't an unusual sight!

Business classes had many new changes take place over the year. The Business Department received six new electronic calculators and were expecting 20 new IBM Selectric Typewriters. A new Advanced Business class relating to marketing and retailing will be added next year, along with a one semester Personal Typing class for seniors only. Also next year a Business Work/Study program will be offered to students. Students will be let out of school two hours early to go to a business related job. The class will count as two credit hours. The students also will have one class hour in school in a related class where they will be able to work on skills and discuss work attitudes.

The Publications Department received some long needed equipment which was why the first issue of the Ho-Hi Life was delayed. The Quadritek and the Quadritek Editor, typesetting and headline equipment, required training of both typists and teachers. HHS is the first school in the Chicagoland area to have such advanced equipment. The machinery wasn't the only change in the Ho-Hi Life staff. Lack of an advertisement editor gave the staff financial problems. Each member had to sell his own advertisements before the newspaper could be published.

The Memories staff went to an all-day seminar at St. Mary's College in South Bend. The seminar provided helpful information on everything from the cover to the index of a yearbook. It also gave the staff a chance to compare ideas with other staffs. The staff consisted of mostly new members; only three of the previous years remained; Patti Harrigan, editor, Lynnea Romeo, sports editor, and Ginger Jones, activities editor.

Gym classes were busy doing something right down their alley — bowling. Going by bus, advanced gym classes were offered for the first time at HHS out-of-school activities. Both boys and girls enjoyed the relaxed atmosphere of the classes. Beginning with swimming for a five-week period, classes then rotated from swimming to fitness, weight lifting and recreation with Mr. Howell for five weeks, then went to individual and team sports and skills with Mrs. Armontrout for the last five weeks. Activities this year include golf, tennis, badminton and volleyball. Next year it is hoped that canoeing and lifesaving will be offered.

Another class being driven to work hard was the Drivers Education classes. Spending nine weeks of class time work and using simulators nine weeks for range and road driving. Headed by Mr. Rhody and Mr. Hammel. The students felt relaxed and comfident in developing the important skills for todays needs and standards.

4. After a nerve-racking drive around the range, Janice Pinkley steps out of her car a little more confident.

Sophs offered ten English classes

Sophomores experienced nine-week classes for the first time. Ten different classes were offered giving students a chance to choose a class of their interest. A nine-week grammar class was the only requirement. The idea of the nine-week program has been used with juniors for the past three years. The program worked fairly good so it was made available for sophomores.

Seniors weren't required to take English this year but three one semester courses were offered for those who were interested; Novel, Composition, and English VII.

Mrs. Debra Olejinicik was added to the Foreign Language department to teach one hour of French. She was needed because of a large amount of students interested in foreign language. All foreign language classes also received new additions of textbooks.

The speech and drama classes did something new which was video tape their speeches which most students did not seem to like. New books and film strips were something also new to speech classes.

The stage craft and the theater lab classes kept busy in the fall doing behind the scenes work for "Mame," the fall musical.

Social studies classes were busy being entertained by several interesting speakers. Congressman Adam Benjamin came and spoke to the Government classes. Also speakers concerning citizens rights and voting responsibilities spoke to the same classes. All the Social Studies classes took part in surveys concerning public attitudes.

Brickies take conference with 6-0 record

If you asked Coach Don Howell what the biggest thrill of the 1978 season was, you would expect him to say winning the Duneland Conference Championship but, he would probably say handing Merrillville its only loss. Another thrilling victory for the Brickies climaxed the homecoming festivities with a come from behind win over the defending state champions, Portage. The Bricks best game, according to Coach Howell, came against a tough La-Porte team who had won six in a row until they met Hobart.

To describe Hobart's success in one word it would be Defense! The Brickie defense held their opponents to 41 points in six touchdowns. Only one of those were rushing. Not only was it the best in the Conference but Coach Howell said it was the best he has coached in his 12 years as head coach.

1. A fumble recovery by Scott Eakins gets Mike Edmonds and the teams morale high.

3. Making a runningback wish he wasn't one, are Steve Kovich and Mark Wilfong.

2. Getting ready for a game, requires many stretching exercises.

5. The captains make decisions that may decide the games outcome.

J.V. Brick's finish with 8-1 record

"Sweet" victory was the word Coach Buford used to describe eight of the Reserves' nine games this year. The JV finished with, an overall 8-1 record and, as the Varsity, the Duneland Conference title; their only loss coming to a tough Andrean team.

Several outstanding players and a lot of team effort were the ingredients for this successful season according to Coach Buford. He also stated, "This group of boys probably played and worked together as a team better than any other group I have coached. They are a very close knit group. Coach Balash and I appreciate all the support the cheerleaders and students gave."

The boys tennis team took fifth place in the Conference and finished the season with a 9-12 record. The most improved were Steve Toneff in singles, Ken Karwowski and Dave Noesges in doubles. "A year of change," said Varsity Volleyball Coach Pam Payne, regarding this years 3 wins and 11 losses. Miss Joanne Schafer, the assistant athletic director in charge of girls athletics, is building the female program. The volleyball squad had only three seniors, only two having 3 years of experience. Those two were Cindy Fry and Cheri Baumgarten. Although it was a disappointing season they did not play as bad as their record indicates on paper.

The J.V. Volleyball team had an up and down season, ending with 5 wins and 9 losses.

The girls golf team did not win any matches this year, but only 3 out of 8 girls had any experience in the sport. One of the girls who had experience was Junior Tana Summers who was the most valuable player in the 1978 season.

The Bricks, led by Senior Sue Collins and Junior Mary Koleff won only two games, but showed much improvement. They also had two sophomore starters who led in scoring, Gwen Lewis and Lisa Ehrhardt.

The highlight of this somewhat disappointing season came in the Sectionals. Hobart played a very tough Andrean team that was favored by thirty points. The Bricks made it a close game but Andrean went on to win.

The sophomores won the Basketball Homecoming float competition with "Stuff Vikings" as the theme. Also winning the basketball Homecoming princess title was Lori Mitchell. The class colors were green and yellow, and the class flower was a mum.

Ahlbrand chosen as Athletic Director

An addition to the athletic office was constructed within the old cafeteria area. To occupy the facility were two new athletic directors and a pool director, each having their own office. Mr. Lloyd Ahlbrand was hired as the athletic director. He took the place of Mr. Donald Hancock, who resigned to teach. A new position added by the school system was assistant athletic director. Miss Joanne Shaffer, formerly a Merrillville coach and director, was hired for this job. She dealt mainly with girls sports. Mr. William Anderson was in charge of all pool activities. The needs assessment survey results from the 1977-78 school were posted this year. This survey was an attempt to find out what students, teachers and members of the community thought about the effectiveness of various educational and support programs. Over-all response was from 2,300 people. All age groups indicated a strong desire that the emphasis be placed on basic skills instruction in reading, composition writing, spelling, oral expression and arithmetic fundamentals.

Ten teachers added to HHS faculty

Ten new teachers were added to the faculty. Three teachers took maternity leave. Mrs. Larissa Marinelli and Mrs. Cathie Jacobs, both taught in the English department. They were replaced by Mrs. Robin Durkel and Mrs. Margy O'Connor. Mr. Robert Razumich replaced Mrs. Carol Schultz, also on maternity leave. She taught first year geometry and algebra. Mr. Razumich only taught for one week before he was replaced by Mrs. Ann Nash. She taught for one semester. Finishing the year was Mr. John Burdecell. Replacing Ms. Mary Rogala was Miss Kathryn Allen in Biology I. Mrs. Denise Galovic was added into the English department. She taught junior and senior English classes. Two other additions were needed. Mrs. Judith Hevel taught two hours of home economics and Mrs. Debra Olejniczak taught one hour of French. The industrial arts department received three new teachers: Mr. Edward Anderson, woods and metal shop; Mr. Gordon Olsen, drafting and electric shop and Mr. Joseph Pavell, wood shop.

School suffers from custodian shortage

Shakes were added to the cafeteria menu along with more variety of foods and choice of milks. However, the shake machine met with problems and didn't work often. Lunches stayed at 50 cents a piece but shakes were an extra 35 cents, if desired. Lunch lines also changed, by being shorter due to the changing back to three lunch hours rather than two. In the Custodian Department, Head Day Custodian Mark Malamatos left. He was employed at HHS for five years. Replacing Malamatos the rest of the year was several people. The janitors and some cafeteria workers were kept busy all winter long, due to melting snow that was leaking into the halls and several classrooms from the roof which left water damage to some classrooms. Also the janitors had to work hard to keep all the furnaces running during the extremely cold winter months.

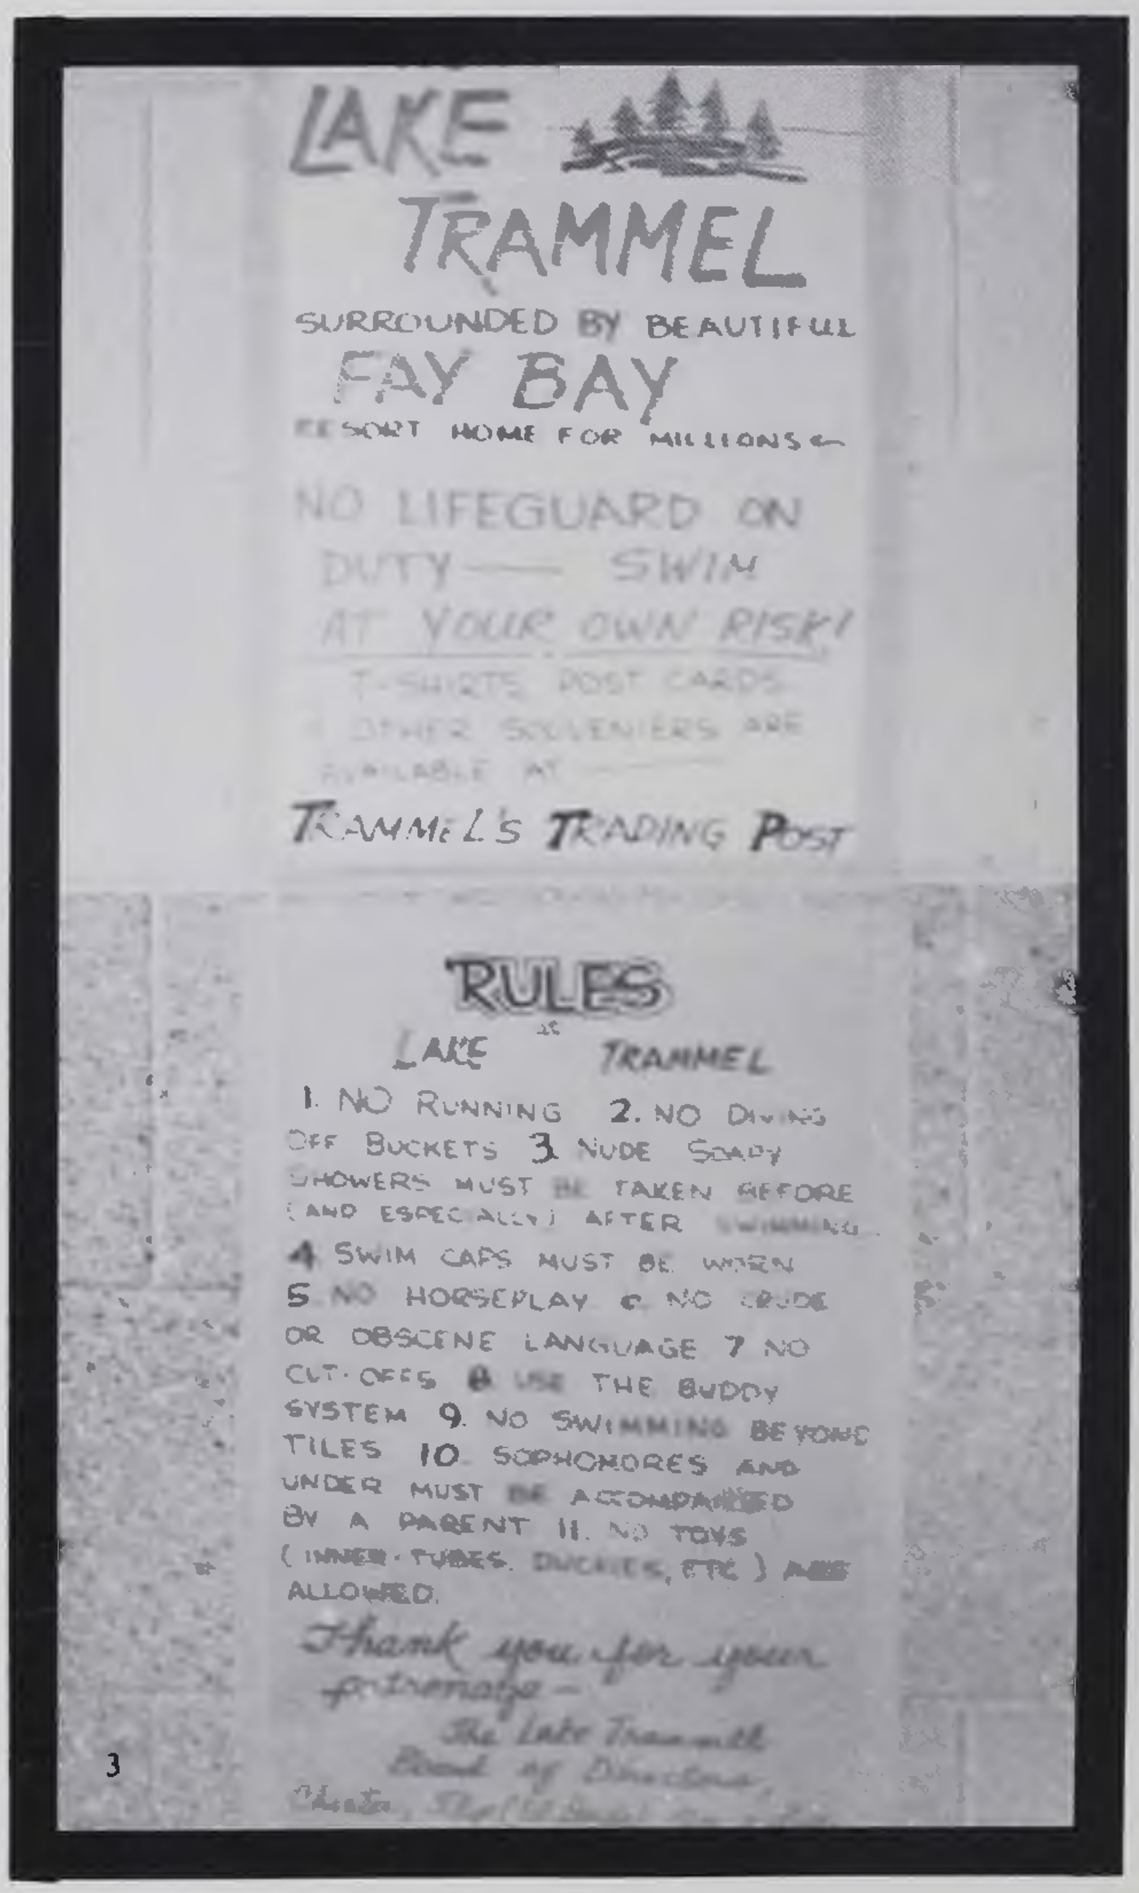
"Raindrops keep falling on my head," but in my classroom. It happens all the time at Hobart High School. A roofing project that began sometime in late July is still unfinished. This was referred to as project "A," which involved renovating or remodeling, the roof over the gymnasium, the library and the original wing facing 8th St. This was the first time the gym roof was replaced. That was where the main problem was. The roof was flat and there was no where for the rainwater to go. Then a second project began, project "B," which started in late October. Because of late delivery, work didn't begin until the first of November. They began cutting but due to their negligence and exposed openings, after a heavy rain, the typing rooms were flooded. The roof was repaired before the spring thaw, luckily or we might all have drowned.



1. A very familiar sight in the hallways at HHS was garbage cans filled with water.

2. Teachers worked together to save as many books and supplies as they could.

3. An unsigned poster was hung in the hallway, with the rules for swimming at "LAKE TRAMMEL."

"The rewards for bein coach, teacher, dean and Principal have been enormous. It has been a pleasure being a part of Hobart for 32 years. The people of Hobart have been good to me — but there is a time to teach, a time to coach, a time to be an administrator and now it is the time to retire — to go fishing and to play golf and spend more time with my wife of 35 years, Eleanor," said Principal Russell Deal as he announced his retirement in May. Born in Bicknell, Indiana, Mr. Deal graduated from Indiana University in 1947. He came to the Hobart that year and spent the next 32 years serving in various positions. He is probably most known for his football coaching at Hobart where he accumulated 114 wins, 49 losses and 6 ties. In 1976 he was inducted into the Indiana Football Hall of Fame. Mr. and Mrs. Deal will spend their retirement in Sarasota, Florida.

I can't believe we made it. What's even better is we completed this yearbook in the process. When I accepted the position as editor, I really didn't know what to expect, but I found out. Deadlines, deadlines, deadlines, that is all that everyone works to meet, their deadlines. I must admit I did learn a lot from being editor of a yearbook. And that is that this yearbook is everyones, not ust a certain groups. We tried our best to make everyone happy with this yearbook, but those who didn't work on it, really can't complain. I would like to thank Bob Henning, for all his much needed help even though I was leaving for vacations, when he came. Also a special thank you to Mrs. Lambeth (+2) for all of her help during the year. Also thanks for putting up with me. To Steve Lach, next year's (supposedly) editor, a lot of luck, but no smut.
